ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Valuations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

TO KNOW WHAT COINS ARE BRINGING**

PRICE LIST OF SALE \$1.00

IS THIS YOUR FIRST AUCTION CATALOG?

**21st EDITION (1968) GUIDE BOOK, (1965) PAPER MONEY 5th EDITION
"TRENDS" AND OTHER AUCTION RECORDS USED IN CATALOGING.**

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

Please allow up to two weeks for receipt of coins, unsuccessful bidder will be notified.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots", yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having catalogued over two hundred seventy-five successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 10c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

1879 \$4 STELLA ORIGINAL

121—1879 Flowing Hair, **ORIGINAL WITH SHARP STRUCK HAIR, BRILLIANT PROOF. ONLY 15 STRUCK COMPARED WITH 400 RESTRIKES.** Weight 109 grains compared with approximately 103 grains for restrikes. In addition, the restrikes were made from a worn obverse die with flat hair in 1880 (altho bearing the date 1879) and sold to collectors. The Guidebook lists the restrikes at \$6,000 and the 1880 (15 struck) at \$14,500.00. They do not list the original 1879 even tho they list original and restrike ½c, 25c \$1, etc. A careful check of the sales during our thirty-odd years as professionals reveals that the 1879 original is Rarer than the 1880 (same number issued) which catalogs \$14,500 in fact, it is of comparable rarity to the 1880 coiled hair (10 issued) in frequency of appearance and which catalogs16,500.00

\$3 GOLD

Authorized in 1853 and first struck in 1854; discontinued in 1889. They were unpopular and saw very little circulation. THE TOTAL ISSUE 1854-1889 DID NOT EQUAL THAT FOR A SINGLE YEAR OF SOME DATES OF THE \$1, \$2½, \$5, \$10 OR \$20! In addition, their limited circulation resulted in a relatively large number being melted when the Gov't called in the gold coins in 1933. A brief perusal of the older Guidebooks (comparing to the current edition) reveals a persistent strong rise in values over the years, exceeding that for the other gold series with larger issues.

122—1854 ONLY YEAR with TINY “dollars”, only slight friction but polished to resemble a proof. Catalogs v.f. \$225 and unc. \$320, this worth around 275.00

123—1854-D Near Uncirculated. A Choice specimen of a **VERY RARE** coin virtually impossible to obtain fully uncirculated (probably due to the cruder production of all Dahlonega gold, \$1, 2½, \$3, \$5). Some luster. Well worth close to the uncirculated catalog value of 3,000.00

124—1854-O Very fine. Another coin difficult to obtain fully unc. Catalogs	250.00
125—1855 “DOLLARS” triple size of 1854, near Uncirculated. Catalogs unc.	325.00
126—1855-S Extremely fine, traces of luster. SCARCE.	325.00
127—1856 Near Uncirculated, a bit sharper. Catalogs unc.	340.00
128—1856-S Medium size “S”, extremely fine. Catalogs about	300.00
129—1856-S Similar size “S” (acquired as “Large S”) near Uncirculated but polished to resemble a proof. Catalogs unc.	375.00
130—1858 Near Uncirculated, some luster. RARE. Catalogs unc.	850.00

\$3 GOLD (Con't.)

131—1859 BRILLIANT PROOF, tiny spot in field without proof surface (done at time coin was struck). RARE. Seldom offered. The Wolfson specimen realized (1962) \$1,200; surely this great rarity (the cataloger there estimated ONLY 6 TO 10 ISSUED) now worth closer to		2,000.00
132—1860 Brilliant PROOFLIKE and not the full "Proof" for which acquired. Catalogs proof (119 issued) at \$1,300 and unc. at \$390; this choice one worth about		500.00
133—1862 Fine with orange patina. LOW ISSUE. Catalogs		200.00
134—1863 Near Uncirculated, sharp. RARE. Catalogs unc.		410.00
135—1864 Near Uncirculated. RARE. Catalogs unc.		700.00
136—1868 Prooflike with orange patina. Catalogs proof \$1,750 and unc. \$375; this worth about		500.00
137—1869 Prooflike, Brilliant. RARE.		750.00
138—1870 Near Uncirculated, sharp. RARE. Catalogs unc.		400.00
139—1871 Prooflike with orange patina, slight friction. VERY SMALL ISSUE! Worth very close to unc. catalog of		500.00
140—1872 Extremely fine, traces of luster. SMALL ISSUE. Catalogs		387.50
141—1873 Closed 3, very fine. THE THIRD RAREST DATE \$3 GOLD! Cost		1,250.00
142—1874 PROOF WITH SOME PATINA. ONLY 20 ISSUED! CATALOGS		2,200.00
143—1877 Uncirculated with some Prooflike surface, some patina. RARE. Seldom offered. One of the last coins in the set to be acquired. Cost		1,450.00
144—1876 BRILLIANT PROOF! AN OUTSTANDING RARITY! THE CATALOGS LISTS "C.S.N.S. Auction 1963 \$8,100.00." Surely this choice specimen nearly 5 years later worth over		10,000.00
145—1877 From a 1963 sale described "1877 PERFECT BRILLIANT PROOF! 20 STRUCK. PERHAPS AN EQUAL SPECIMEN EXISTS BUT CERTAINLY NO CHOICER ONE! \$5,000.00". Need we say more?

241—\$50 1852 UNITED STATES OF AMERICA FIFTY DOLLS., Augustus Humbert United States Assayer Of Gold California, 887 Thous.. Engine turned reverse similar to that on watch-cases of the period. The reverse is different from that on the "commoner" 1851 "slugs". Extremely fine with luster. An interesting error occurred in the striking (impurity in metal). Since very few errors are known in the entire private, provisional and territorial gold series, this assumes added importance! **VERY RARE**. Only struck a few days before the U.S. Assay Office took over. Present studies reveal this is **MUCH RARER** than former students of the field had thought. Easily worth over 3,000.00

THE CONTINENTAL DOLLAR

The first coin struck under the authority of the "U.S.". Quite popular and undervalued in keeping with its true rarity, particularly in the higher grades of condition.

337—1776 CURRENCY, struck in pewter, **A FANTASTICALLY SHARP STRUCK SPECIMEN WITH ALL DOTS AT EDGE ON BOTH SIDES SHARP!** The lines around each of the 13 colonies CUT OVER DOTS, **smooth PROOFLIKE SURFACE with LOVELY LIGHT BLUE PATINA!** N-1B variety. **BY FAR, THE CHOICEST SPECIMEN WE HAVE SEEN IN ALL OUR THIRTY-ODD YEARS AS PROFESSIONAL NUMISMATISTS!** Acquired as a "MUSEUM PIECE", it came from Europe. Valued by owner at \$5,000.00. The only comment we can make about this valuation is that in other series of U.S. coins, this ratio of values (condition 60 compared to 70 coins on Sheldon scale) does exist. As to whether it also exists in this series, is up to you. We believe this is literally, "A Chance Of A Lifetime".

The cracked die variety is close to R-4 with the perfect die being R-7 (4 or 5 total-known?). The cracked die has a "30" coin in Condition Census, but in the absence of a Condition Census of the rare perfect die, this could very well be "THE FINEST KNOWN SPECIMEN" as claimed. Cost \$500; probably now worth \$600 to		700.00
507—1802 S-239, Prominent crack before face, extremely fine but small severe nick bottom reverse. Near R-4 (RARE).		150.00

5c SILVER (HALF DIMES)

A somewhat smaller survival ratio prevails for this series than for the larger denominations. A careful evaluation of the coinage figures in relation to the catalog prices had led some knowledgeable students to feel that this series is undervalued compared to the larger denominations. This seems to be reflected in recent months in a gradual increase in the number of bidders giving this series more attention.

IMPORTANT MESSAGE

For years we have counseled and helped advise those wishing to acquire coins and currency as an investment. We define investors as those willing to adopt a program envisioning a minimum of several years. Suffice to say — that in our **thirty-five years as professional numismatists** the results have been most gratifying.

We believe the various reference books are excellent guides — BUT ONLY THAT. We doubt if an intelligent person would attempt to become his own “lawyer” after reading a law book, or give himself medical treatment after reading a medical book.

Why then would an intelligent collector, who devotes himself part-time to numismatics, feel he would be as well equipped to give the best answers in building a numismatic investment as part of his estate, compared to a PROFESSIONAL WHO HAS DEVOTED OVER A THIRD-OF-A-CENTURY TO THE STUDY AND RESEARCH OF NUMISMATICS AS A FULL-TIME PROFESSION.

The very nature of this type of PERSONAL COUNSELING (A. M. or Paul Kagin) precludes it becoming a widely offered service. We are prepared, at this time, to continue offering this service to an additional few discriminating collectors as replacements for the normal attrition which has transpired during the past year.

We feel the experience gained in cataloging over 275 sales (a record that speaks for itself) enables us to offer the ultimate in counseling service.

The relationship with our clients is (as has always been our policy) of a fiduciary and confidential nature.
